Expanding the Horizons of
Medical Office Technology

MedVanced Hardware Consulting Services

Hardware Analysis

An analysis of your current computer equipment & business processes, and will provide recommendations on hardware upgrades. A report will be provided with a cost analysis.

HIPAA Compliance for IT

An analysis of your current computer setup as it relates to HIPAA practices. Will provide report listing potential violations and recommended solutions.

Computer Network Setup

Setup & configuration of computer network in your office, including wireless access points, printers, & shared files. Will ensure the network is secure. Remote access to your office network from your home or laptop can also be configured.

Hardware Maintenance & Support

Technical support provided to ensure your office runs smoothly. Support offered is via telephone as well as on-site if needed.

Custom Packages

Custom Packages including different services are available. Will provide a custom quote based on your needs.
